

# Nursing College HITEC-IMS

## Official Notice

All candidates who have been selected for admission to the BS Nursing Program are hereby informed that it is mandatory to undergo a complete medical examination. The Nursing College requires your Medical Fitness Certificate/Report, which must include the following tests:

### Required Medical Tests

1. CBC (Complete Blood Count)
2. Hepatitis Screening (HBV & HCV)
3. LFT (Liver Function Test)
4. RFT (Renal Function Test)
5. Urine R/E (Routine Examination)
6. Chest X-Ray

### Additional Mandatory Requirements

- Hep- B Vaccination Card
- Proof of at least the First Dose of Hepatitis Vaccination

### Preliminary Medical Examination After Joining

A Preliminary Medical Examination will also be conducted after joining the Nursing College.

### Submission of Medical Reports

All students are required to submit their complete medical reports and vaccination proof at Nursing College-HITEC IMS (Due Date 30<sup>th</sup> Nov, 2025)

Students who belong to distant areas and are unable to visit the college physically may submit their scanned reports via email at the official address below:

[studentaffairs.nursing@hitec-ims.edu.pk](mailto:studentaffairs.nursing@hitec-ims.edu.pk)

### Important Notice

Furthermore, students who fail to submit the mandatory medical documents will lose their seat, and the college will proceed to offer admission to the next candidate on the reserve list.

## Official Notice

### Notice for Reserved Students

Students who are currently on the waiting list (reserve list) are informed that our BSN Evening Program file is under approval. If the program is approved, these students will be considered for admission to the BSN Evening Program.

The students on the waiting/reserve list will also be considered for admission in the Allied Health & Sciences programs, subject to availability of seats.
